1. NWHSAA Report – Brad & Kendra shared highlights of NWHSAA meeting Sept. 12 in Meadow Lake. They also reviewed the NWHSAA website with updates. Minutes of NWHSAA meeting will be sent to all BRAA Athletic Directors. Answered any questions about registering teams, highlighted the fact that withdraw date is extremely important to follow (if not \$400.00 fine from SHSAA).
2. SHSAA – Logged into EXNET to show all how to register teams, enter rosters, and school enrolment. Review of forms that must be completed: E-3 School Team Registration (Due- Sept. 12), E-5 – Team Rosters Activity Eligibility (Due Sept. 20) for X-C running, volleyball, E-10 – School Enrollment – number of students you have in grade 9-12 to determine what your school classification is –(due Sept. 30- Oct. 4).

2. Coach/Official/Athlete Development (Brad/ Kendra/ Elaine)

NWHSAA has some grant money that you can apply for coaching and official development. Discussion on the use of Community Coaches (E14) form with SHSAA must be used if coach is only coach not employed as a teacher of your school. Ile-x is looking at hosting a Volleyball Officials clinic this year (will keep you posted). Discussion on training coaches and officials in the sport of basketball (as no one wanted to host units last year because of lack of coaches and officials in their communities). Talked about a basketball Jamboree to train coaches, officials and develop athletes. If you have NSCRD in your community, they should help. Also look at taking your Aboriginal Coaching Module soon as it will be mandated by 2027. Also some communities needing development in the sports of volleyball and indoor soccer. All coaches must have their Respect In Sport Certification & Concussion Protocol– if not they cannot coach.
